than heretofore.

The postage will hereafter, for any distance, be only five and a half cents; it has heretofore been, for over 100 miles, eighteen cents.

We look for an extension of circulation to be reckoned by tens of thousands, as the result and compensation of this great reduction of price. Every friend of the work, and of the democratic principles and cause, is confidently appealed to, to exert himself with an active interest to procure it subscribers; both to extend its usefulness, and to carry it successfully through the crisis of this great reduction of its receipts.

Those who have paid in advance for the comin year, will receive it, at the reduced rate, for a yea and a half.

TERMS HENCEFORWARD

Single copy.....\$3 00 | Eight copies,....\$20 00 | Four copies,....\$1 00 | Thirteen copies,....\$20 00 | It will thus be seen, that when thirteen copies are ordered at once, the price is brought down to about \$2 30 each. For six months, half these rates. These rates afford high inducements to agents and others to interest themselves to procure subscribers.

These rates afford high inducements to agents and others to interest themselves to procure subscribers.

The cash system and paym nt in advance must be uncompromisingly adhered to. The past relaxation of it has caused an accumulation of not far from \$40,000 of debts due to the work. Hereafter, this must be wholly reformed; nor must either the most eminent political friend, or the most intimate personal one, be displeased on experiencing its application, in the stoppage of their numbers, if they neglect this rule; the vital necessity of which, at the present reduced rates, must be obvious to all.

No communications will be taken from the post office unless free of postage.

All communications, both on editorial and publishing business, must be addressed henceforward to the undersigned. Those relating to the settlement of the past debts due the work will be still addressed to Mr. H. G. Langley, 8 Astor house, the past arrangements with whom, as publisher, have reached their termination.

Many forfeitures are about to accrue, from failure o pay taxes: many claims, otherwise good, will be sarred by adverse possession of three years—that

being the limitation; many fitles of lands conveyed in the United States, cannot be admitted to record in Texas, for want of proper authentication. Owing to some one or other of these causes, the best lands are in a condition to be lost.

Having made it my business to become acquainted with all the laws relating to titles, and being determined to attend diligently to all claims confided to me, I require, in all cases, an advance in cash, sufficient to cover expenses of investigation. When that shall be done, I om willing to take a contingent interest in the lands for attention and services.

GREATEST WONDER OF THE AGE.

PATENT GALVANIC RING, AND MAGNETIC FLUID.—These wonderful Rings, and the Galvanic Fluid, have created a great sensation throughout Europe, and are attracting crowds to see them, both in New York and Boston. They cure with astonishing rapidity rheumatism, gout, tie-doloreux, fits, cramp, sick headache, indigestion, paralysis, stiff joints, general debility, deficiency of nervous enargy, and all nervous disorders. They produce all the beneficial results of the ordinary galvanic battery, or electric and magnatic machines, without the injurious shocks which always accompany their application. The secret of preparing the Ring was discovered by Professor Harmanoc Christic, of London, in October last, and they have been recently introduced into this country by Dr. A. Christic, who warns the American public, from the beginning, to beware of spurious imitations. To guard against fraud, he will appoint but one agency in each of the cities of the United States.

YALE COLLEGE LAW SCHOOL.

THIS department is under the direction of the Hon. David Daggett, LL.D., late chief justice of the supreme court of Connecticut, and professor of law; and the Hon. Samuel J. Hitchcock, LL.D., instructor in the science and practice of law; and Isaac H. Townsend, esq., attorney and counsellor at law.

There are two courses of instruction and study in the school—one called the professional course, and the other called the general course. The object of the professional course is to give a thorough legal education to those gentlemen who propose to enter the profession of law. The design of the general course is, more particularly, to communicate appropriate information to those who wish to attend to jurisprudence as a branch of liberal knowledge. A course, with special reference to mercantile law, is
